

Dear City Council Members,

My name is Bennie Rodriguez, current president of Sinton Youth Football League. I am contacting you on behalf of our association. Our non-profit organization has already begun its activities for the 2022 football season, and I am writing in hopes that the council will help support our program. The continued success of our program is credited largely to our sponsors who lend their financial assistance throughout our playing season.

Our association currently provides opportunities to approximately 200 participants. The money we raise each year is used to help finance the cost of operational expenses which include high school stadium fees, referee fees, insurance fees, safe training equipment, professional coaching clinics, purchase of football equipment and other related expenses. We are committed to offer the lowest registration fees possible and provide scholarships for participants who are unable to pay so that any child wanting to participate, may do so without causing a financial burden to a parent/guardian.

Our association is asking for the city's help to cover the cost of the utility related to the operation of a climatized storage shed, namely the electricity. This shed houses all football and training equipment along with equipment and supplies needed for the association's operations.

Should you consider offering your support, I will be happy to answer any questions you may have. You can direct questions to myself at (361) 877-4648. Thank you in advance for your consideration and in helping make a difference in our community for the youth.

Respectfully,

A handwritten signature in black ink that reads "Bennie Rodriguez". The signature is written in a cursive, flowing style.
